THE COLLEGE

VHNSN College has been in the forefront of imparting academic values to the students of this backward area for the past 62 years. Almost all the Post Graduate Departments have outstanding research facilities and offer M.Phil. and Ph.D. programmes. The college extends research support to the scholars by providing 24-hour internet facility, subscription to academic journals and magazines, and photocopying and other facilities. It extends financial help to the students who wish to participate in Seminars and Conferences and publish their research findings in the form of journal articles and books. Our College biannual journal, *College Sadhana*, publishes articles in all disciplines. Today, the alumni of this institution, the branches of this Tree of Knowledge, occupy important positions in academic and non-academic fields.

THE RESEARCH CENTRE

The mission of the Research Centre in English is to provide a strong academic environment for both research and teaching. The Centre provides English education through the Bridge Intensive Course, a Remedial Course (funded by UGC), and a Certificate Course in Communication and Functional English. The Centre is also involved in extension activities like providing Soft Skills to non-English students through its Net-connected Language Laboratory and an Audio Visual Room. The Library of the Center is stocked with books, journals, magazines, and encyclopedias for students' use. At present, 5 FDP, 24 part-time and 2 full-time Ph.D. scholars are working on their doctoral degrees.

CONFERENCE AGENDA

The conference is designed to suit the need of faculty members who are conducting research in literature or ELT and research scholars who are working on their dissertations and theses in English literature and English language learning and/or teaching. In addition to presentations by accomplished scholars, the conference will provide a forum for research scholars to present their on-going research and get feedback.

Research scholars who are interested in sharing their current research are invited to send abstracts of their work (not to exceed a single-spaced page) to the following address: Dr. G. Baskaran, Research Centre in English, VHNSN College, Virudhunagar 626-001, Tamilnadu.

Scholars should also send along the registration cum participation form by the deadline of March 7, 2010, through proper channels. Scholars whose abstracts are chosen for presentation will be issued participation certificate and materials.

CONFERENCE PRESENTERS

F. ABDUL RAHIM

S. P. DHANA VEL

RAVI SHEOREY (M.A., Ph.D., University of Texas), Professor of English and Applied Linguistics at Oklahoma State University, has accepted our invitation to talk about research methods in ELT, including a special session on conducting survey research. Professor Sheorey has authored numerous articles in a variety of refereed international journals. His recent books include *Learning and Teaching English in India* (Sage Publications, 2006) and *Reading Strategies of First and Second Language Learners* (Christopher-Gordon Publishers, 2008).
